Experience

Spectrum Science

2015–2024

Art Supervisor

- Advanced from Junior Graphic Designer to Art Supervisor
- Reported regularly to Creative Director and Project Managers regarding project status and revisions
- Managed designers and freelancers — assisting with project needs, reviewing work, and giving constructive feedback
- Collaborated with project managers on large-scale projects and quarterly plans, looking over hours and budgets for the creative team, as well as project allocations and timelines
- Collaborated with on-staff MS and PhD scientists to ensure scientific accuracy of the messaging and visuals in materials where we showcased scientific data, mechanisms of action, and visual examples
- Designed a variety of materials, including: fact sheets, infographics, PDF forms, PowerPoint presentations, designed Word docs, motion graphics, social graphics, and marketing and internal office materials for clients and agency
